Money Mystery Pictures

Money mystery pictures can be done individually or as a whole group activity. Students will color in the cells on the mystery picture 100's chart by reading the coin values on the mystery cards correctly. You can laminate the mystery cards and students can cross out each set of coins with an expo/vis-à-vis marker to keep track as they record their answers on the 100's chart. You can also make paper copies and attach them to the mystery picture 100's chart. Whatever works best for your class. Teachers can also conduct this activity as an oral/follow directions lesson. This packet includes one mystery picture 100's chart that corresponds with each mystery picture card, 9 mystery picture cards, and 9 mystery picture answer keys.

Thank you for purchasing this activity packet! If you have any questions, suggestions, or comments, please feel free to contact me at

thefirstgradeparade@gmail.com

Thank you! Cara Carroll
